

ingestion/gateway/include
/telemetryhub/gateway/Log.h

```
graph TD; A["ingestion/gateway/include<br>/telemetryhub/gateway/Log.h"] --> B[atomic]; A --> C[chrono]; A --> D[cstdio]; A --> E[ctime]; A --> F[mutex]; A --> G[string];
```

The diagram illustrates a dependency graph where a central header file, `ingestion/gateway/include/telemetryhub/gateway/Log.h`, includes six other standard C library headers: `atomic`, `chrono`, `cstdio`, `ctime`, `mutex`, and `string`. The central node is a dark gray box, while the dependent nodes are light gray boxes. Blue arrows point from the central node to each of the dependent nodes.

atomic

chrono

cstdio

ctime

mutex

string
